

[Japanese Heart] A restaurant search site for food minorities. Supervised and recommended by experts.

Japanese Heart is a comprehensive restaurant search site for allergy sufferers, vegans/vegetarians, and halal food lovers.

We only list "stores that support food safety," which are supervised and recommended by food experts.

## https://japanese-heart.com/

A social contribution app based on the concept of the SDGs and food loss reduction. You can start from 10 yen per-day!

Use coupons to support the stores!

## Coupons can be used at all stores listed on the app.

- The more you visit the store and use the coupons, the more you can save money! This is a members-only application. A portion of the profit will be returned to the stores listed on the app.
- Show the coupon inside the app when you use it.
- The coupon has no time limit and no number limits. You can use them as much as you want!
- Save even more with a long-term membership!
